

# What Am I?

## RULE SHEET

2-6 PLAYERS  
AGES 3<sup>+</sup> YEARS

**CONTENTS:** 128 Cards, 30 Chips, 6 headbands and 1 Timer

**OBJECT:** Be the first player to get rid of all your chips!

### SET-UP:

- Place the cards face down in the center of the playing area.
- Each player takes a headband and adjusts it around his/her head. Make sure the card is above your eyebrows and centered on your forehead.
- Deal one card **face down** to each player.
- **Without looking at the picture side of the card**, players insert their card into the clip of their headband so all the other players can see the picture.
- Deal three chips to each player. Any remaining chips become the "bank."

### PLAY:

- The youngest player goes first. Then, play passes to the left.
- On your turn, flip over the timer and ask each of the other players a question that will help you identify the picture on your head.
- Once you've asked all of the players a question, begin a second round, then a third round, etc.
- The question cards show sample questions that you could ask to help you figure out what you are. These questions are only a guide; you don't have to ask them if you don't want to. You can use any question **except**, "What am I?" At any point you may ask, "Am I a...?"
- If you guess the picture before the timer runs out, take another card and put it on your headband (remember not to peek). Continue asking questions until the timer runs out. For each picture you guess correctly, put one of your chips in the bank. Then it becomes the next player's turn.
- At any point during your turn, you can give up trying to guess. If you do you must collect one chip from the bank and are dealt a new card for the next round.

**WINNING:** If you're the first to get rid of your chips, you're the winner!

### The QUICK Question Game !

#### WARNING :

**CHOKING HAZARD** -- Small parts  
Not for children under 3 years

- The items inside this package may vary from the illustrations.
